¹WWVMPO deadline allows staff time to arrange for public comment notifications, prepare submittal documentation, and conduct a two-week public comment period. Formal amendments need approval by resolution from the MPO Policy Board.

²Administrative Modifications should be submitted to WWVMPO before the end of the public comment period.

³These deadlines are set by WSDOT Highways and Local Programs Division. The approval from FHWA/FTA usually occurs during the first or second week of the following month. FHWA/FTA approval is required before allowing obligation of any federal funds.
