Amendment Timeframe

The Walla Walla Valley Metropolitan and Regional Transportation Improvement Program (M/RTIP) amendment for July 2017 includes the years 2017-2022.

Projects Included

The July 2017 Amendment programs additional funds for the 2017-2022 M/RTIP, including \$1,000,000 in Local funding.

City of Walla Walla

I. 2nd Avenue Improvements, Rose St to US HWY 12 – STIP ID WA-09868

Add this project to the M/RTIP and STIP as Secured with \$1,000,000 in Local funding. This project was initially listed in the M/RTIP as already planned and prioritized, but lacking secured funding. The poor condition of this section of 2nd Avenue has increased the priority of completing this project.

Total Project Cost: \$1,000,000

Project Prioritization

In compliance with the region’s adopted 2040 Plan, the secured projects in the M/RTIP were selected and prioritized using a process that considered project readiness, safety, system preservation, quality of life, and connectivity and efficiency impacts on the transportation system.

Financial Plan

The secured projects in the 2017-2022 M/RTIP require fiscal constraint analysis. Close coordination with the Washington State Department of Transportation (WSDOT) Highways and Local Programs Division ensures that the TIP is fiscally constrained. WSDOT will review the July 2017 Amendment prior to inclusion into the STIP during this amendment cycle.

The financial constraint for STBG and TA funding are tied directly to the Estimated Allocation to WWVMPO/SRTPO through WSDOT. Close coordination between WSDOT and the WWVMPO/SRTPO allowed the estimation of STBG and TA funding from 2017 through 2020. The table below summarizes the associated funding assumptions.
