

## Questions for Survey 1: Vision, Goals, Objective and Project Identification

To understand the vision and goals for the next 25+ years

Intro to understand the plan

### Demographic:

1. Age  
Age groups, Wish not to answer
2. What is your race or ethnicity?  
Option, Wish not to answer
3. Street name and city you live in  
Blank, Wish not to answer
4. What is your relationship to the MPO planning area? Select all that apply  
(Options: I live in the area, I work in the area, I own a business in the area, I own property in the area, I visit/spend time in the area, Other (please explain), None of the above)
5. Going through our project website, how well do you understand MPO? Levels

### Transportation:

1. What is your primary mode of transportation?  
(Options: Car, Public Transit, Bicycle, Walking, Ride-sharing, Other)
2. Do you travel to nearby cities outside MPO area?  
Yes  
No
3. Choose one of the following
  - a. Have a car
  - b. Drive but no car
  - c. Vehicle access
  - d. Limited vehicle access
  - e. Any other

### Vision and Goals

4. What are your top three highest priorities for the 2050 Metropolitan Transportation Plan?
5. 'Vision': Rating of five from low/high- Explained (Is the vision for the next 25 years clearly articulated within the metropolitan planning area?)  
Feedback/Comment

6. 'Themes': Definition (and goals explained) (5 questions)  
Rating of five from least/highest priority (Explain/Comment)  
How well the goals accomplish the vision?  
What themes are most important to serving the growing population?

### Project Identification

7. How satisfied are you with the following transportation options in your area?  
(Roads, Public transit, Bicycle lanes, Sidewalks, Ride-sharing services)
8. What challenges do you face with current transportation mode?  
(Options: Cost, Availability, Time, Accessibility, Safety, Reliability)
9. How often do you/would you use off-road bicycle trails or greenways for walking, running, and/or bicycling?
10. How often do you/would you use on-road bicycle lanes and/or wide shoulders?
11. What areas of our community are hard to get to because of lack of transportation?
12. Identify specific areas of concern in the region –  
**Interactive Map** with icon to use to specify area of concern (Traffic consideration of freight (accident/congestion/many more), improvement, safety, new project needs (sidewalk, road), speed...)
13. What are your priorities for future transportation investments in the region?  
(Options: Expanding public transit, Improving roads, Adding bike lanes, Reducing congestion, Improving traffic safety, Increasing transportation options for underserved communities)
14. How can the transportation system be improved to better serve your needs in the future?

### Final Thoughts

15. Is there anything else you would like to see addressed in the transportation plan?
16. How would you like to stay informed about transportation planning in your area?  
(Options: Email updates, Public meetings, Social media, Website updates, Other)
